The basic website will also include domain name registration (valid for 12 months), hosting your site online for 12 months and will provide you with a choice of layouts for the site incorporating your logos and any design ideas you have. There will be a nominal renewal fee payable annually which will depend on our hosts pricings, we will do our utmost to keep these to a minimal and will shop round to get you the best deals we can handling any administration involved seamlessly.

Basic text writing for your site is included in the basic fee. Additional pages can of course be added and a fee negotiated on a site by site basis depending on scale and requirements. Weekly or monthly updates can be made to your website or blog pages and the costs will also be negotiable on an individual basis.

Rest assured you will receive first class service from the owners of the company to ensure your final site is everything you hoped it would be.
